Professional Summary

- Motivated and detail-oriented Computer Science Engineering student with strong fundamentals in programming, web development, and data handling.
- Hands-on experience through internships and academic projects, with a keen interest in solving real-world problems and contributing to sustainable and innovative solutions.

Education

Babu Banarasi Das University

Bachelor of Technology (Computer Science Engineering) | CGPA: 9.0

Lucknow, UP

2023 – Present

UP Board

Senior Secondary (12th – PCM) | Marks: 85%

Uttar Pradesh

Completed

UP Board

Secondary (10th) | Marks: 90%

Uttar Pradesh

Completed

Technical Skills

- **Programming:** C, Python, Java
- **Web Technologies:** HTML, CSS, JavaScript
- **Core Concepts:** Data Handling, Basic DSA, Statistics, OS, DBMS, Computer Networks
- **Tools & Platforms:** Git, GitHub, VS Code

Internship Experience

CODSOFT

July 2024 – August 2024

Python Programming Intern

Remote

- Developed Python programs focusing on logic building and data handling.
- Improved debugging, analytical problem-solving, and pressure-handling skills under tight deadlines.

SYSTEMTRON

September 2024 – October 2024

Web Development Intern

Remote

- Gained hands-on experience in frontend development using HTML, CSS, and JavaScript.
- Collaborated effectively with team members to complete development tasks.

Project Experience

Carbo Desk – Carbon Credit Management System | Group Project

Ongoing

- Developing a system to track, manage, and analyze carbon credit data to support corporate emissions monitoring.
- Contributed actively to system requirements analysis, data handling implementations, and backend core logic.

Quizmatics – Android Quiz Application | Individual Project

Completed

- Designed and developed an educational Android quiz application using Flutter and Dart frameworks.
- Implemented dynamic random question selection and real-time score calculation using a local offline dataset.
- Integrated interactive sound feedback and Google AdMob modules for monetization and user engagement.
- Successfully published the finished application onto the Google Play Store environment.
- **Tech Stack:** Flutter, Dart, Material UI, Google AdMob

Certifications

- **Great Learning Academy:** Python Programming & Artificial Intelligence Fundamentals, C for Beginners
- **Technical & Design:** TCS iON Technical Skills Certification, HP LIFE Presenting Data, CSS Flexbox Basics

Soft Skills & Languages

- **Soft Skills:** Team Collaboration, Quick Learner, Time Management, Clear Communication Skills
- **Languages:** Hindi (Native), English (Professional Working Proficiency)
